Professional Experience

The Philippine Daily Inquirer (Feb 2025 - May 2025)

IT Support & Associate AI Developer – IT Intern

- Provided technical support for hardware, software, and network-related issues across departments, ensuring continuous and efficient workstation operations.
- Performed routine maintenance, diagnostics, and system updates to optimize device performance and reduce downtime.
- Assisted in setting up new workstations, configuring printers, and troubleshooting peripherals for office and remote staff.
- Handled basic network tasks, including LAN setup, IP configuration, and network sharing for remote-based employees such as journalists and administrative personnel.
- Documented and escalated unresolved technical issues to senior IT staff for advanced resolution.
- Participated in the development and testing of AI-driven solutions using tools such as WSL (Linux) and OpenAI APIs.
